

## kACARS Flight in 5 Steps + 2

Now that kACARS has been fine tuned, the proper sequence to setup kACARS can be condensed into 5 steps with 2 more to be flying;

Open kACARS

- 1) Login in
- 2) Enter flight number - with 'FNB' prefix
- 3) Click "Get Flight Number Info"
- 4) Click "Reg/Name" - "Select Aircraft" - "Load"
- 5) Check "Flight Level"

- kACARS is now setup;

- 6) "Connect to FS"
- 7) "Start Flight"

- \* - do not use the "Charter Flight" button - except for charters
- \* - do not use the "Get Aircraft" button - except for charters
